

Coach Marissa

Marissa is excited to begin her first year as an assistant coach for the Brookside Dolphins. Marissa began swimming for Brookside when she was seven years old. During her time swimming for Brookside, Marissa was a part of several winning relays. Individually, she held team records, Peach Bowl records, and the Tri-County 50-meter breaststroke record in the Women's 15-18 age group. She also served as team captain during her senior year. During the winters, Marissa trained with the Greater Philadelphia Aquatic Club and swam for Clearview Regional High School. She held high school records in the breaststroke, butterfly, and IM events. Marissa was named a USA Swimming Scholastic All-American in all four years. Marissa is happy to return to the Brookside family and is looking forward to being a positive influence for the younger swimmers!

Marissa currently attends the University of Pennsylvania, pursuing a Bachelor's of Science in Nursing with a minor in Health Care Management.
