

## Coach Dave

I am very excited to be returning for the 20<sup>th</sup> summer as the diving coach at Brookside Swim Club. For those of you who don't know me, here is some of my background and experience. I started swimming and diving competitively at the Wenonah Swim Club and later at Gateway Regional High School. I then graduated from West Chester University where I competed for their swimming and diving program. During my twenty plus years of coaching experience, I have coached many summer diving teams such as Wenonah, Barclay Farms, Green-Fields, and Woodcrest as well as at Pitman High School for three seasons. In addition, I was the diving coach at Rowan University for eight seasons where I also ran an age group diving program these for several of these years. Currently, I am employed by the Gloucester Township Public School system as an elementary school teacher. I currently reside in Wenonah with my wife Melissa and my two children, Morgan and Nolan.
